

STATE OF FLORIDA  
AGENCY FOR HEALTH CARE ADMINISTRATION  
OFFICE OF FAIR HEARINGS

**FILED**

Dec 07, 2023, 12:46 pm  
OFFICE OF FAIR HEARINGS

[REDACTED]

PETITIONER,

AHCA Case No.: 23-FH2264

vs.

AGENCY FOR HEALTH CARE  
ADMINISTRATION,

RESPONDENT.

\_\_\_\_\_ /

**FINAL ORDER**

Pursuant to notice, the undersigned convened a telephonic Fair Hearing on the instant case on October 23, 2023, at 10:00 a.m. Eastern Standard Time (“EST”).

**APPEARANCES**

For the Petitioner:

[REDACTED]  
Petitioner’s Authorized Representative

For the Respondent:

Diana Hearod  
Medical/Health Care Program Analyst  
Agency for Health Care Administration

**STATEMENT OF ISSUE**

The issue is whether Respondent proved by a preponderance of the evidence that Respondent’s decision to terminate Petitioner’s prescribed pediatric extended care (“PPEC”) services was correct.

**PRELIMINARY STATEMENT**

All parties and witnesses appeared telephonically. Petitioner’s Authorized Representative and [REDACTED], [REDACTED] (“[REDACTED]”), appeared for Fair Hearing to provide

testimony on behalf of Petitioner. Petitioner's [REDACTED], [REDACTED] (" [REDACTED] "), appeared for Fair Hearing as a witness for Petitioner, but did not testify.

Diana Hearod, Medical Health Care Program Analyst for the Agency for Health Care Administration ("Agency" or "AHCA"), appeared for Fair Hearing as representative for Respondent. Rakesh Mittal, M.D. ("Dr. Mittal"), Physician Consultant for eQHealth Solutions Florida ("eQHealth") and Kepro, appeared for Fair Hearing as a witness for Respondent.

Petitioner did not introduce any exhibits at the hearing. Prior to the hearing, Respondent sent to the Office of Fair Hearings and Petitioner a one hundred and seventy-[REDACTED] (173)-page evidence packet and a forty-seven (47)-page evidence packet. The one hundred and seventy-[REDACTED] (173)-page packet appears in the Office of Fair Hearings document management system as the file titles "[REDACTED] FH 10.23.2023 1-79.pdf," "[REDACTED] FH 10.23.2023 80-114.pdf," and "[REDACTED] FH 10.23.2023 115-173.pdf." The forty-seven (47)-page evidence packet appears in the Office of Fair Hearings document management system as the file title "23-FH2264\_PPEC\_AHCA EVIDENCE \_47 Pgs\_[Petitioner].pdf." Absent an objection from the Petitioner, the undersigned admitted the one hundred and seventy-[REDACTED] (173)-page evidence packet into evidence as Respondent's Composite Exhibit 1 ("RCE 1") and the forty-seven (47)-page evidence packet into evidence as Respondent's Composite Exhibit 2 ("RCE 2").

By stipulation of both parties at the Fair Hearing, the undersigned Hearing Officer held the record open until October 30, 2023, for Petitioner to submit post-hearing evidence documents for Respondent's review. At Respondent's request, the undersigned Hearing Officer held the record open until November 9, 2023, for Respondent to file any comments or objections to Petitioner's post-hearing submission. On October 31, 2023, the Office of Fair Hearings received

several emailed documents from Petitioner, but none appear to have included Respondent as a recipient. To date, the Office of Fair Hearings has not received any response from Respondent. As Petitioner's documents were also untimely, these post-hearing documents are not included in this Fair Hearing's evidence record.

**FINDINGS OF FACT**

1. Petitioner receives Medicaid services on a fee-for-service basis from the Agency. eQHealth is a Quality Improvement Organization contracted by the Agency to review prior authorization requests for services. See RCE 2 at page 2.

2. Petitioner is [REDACTED]. See RCE 1 at page 16. Petitioner is diagnosed with

[REDACTED],  
[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED] *Id.* at 17.

3. Petitioner is prescribed the following medications: [REDACTED]

[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]

[REDACTED]. six (6) days per week, and receives [REDACTED] ([REDACTED]), [REDACTED] ([REDACTED]), and [REDACTED] ([REDACTED]) at the PPEC center. *Id.* at 48, 127.

4. Petitioner requested continuation of PPEC services for the certification period of September 12, 2023, to March 9, 2024, specifically, 624 units of code T1026 (partial day services) and 156 units of code T1025 (full day services). In a Notice of Outcome (“NOO”), dated September 1, 2023, Respondent terminated all units. *Id.* at 25-27. The NOO explained the basis for the termination as follows:

[T]he requested services are not medically necessary under the following standard(s):

Individualized, specific, and consistent with symptoms or confirmed diagnosis of the illness or injury under treatment, and not in excess of the patient’s needs.

The NOO further provided:

Submitted information does not support the medical necessity for requested services.

Clinical Rationale for Decision: Request is for PPEC for this [REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]. No need for skilled nursing care. Deny this request.

*Id.* at 26.

5. On September 6, 2023, Petitioner requested a Fair Hearing to challenge the termination of PPEC services. On September 29, 2023, the undersigned issued an Order Scheduling Fair Hearing and Prehearing Instructions, setting the hearing for October 23, 2023, at 10:00 a.m. EST.

6. Dr. Mittal is the Physician Consultant for eQHealth. Dr. Mittal established the following at Fair Hearing:

- a. eQHealth uses nurses and physicians to review plans in accordance with the medical necessity guidelines established by AHCA. The eQHealth reviewers took into account Petitioner’s multiple medical conditions, PPEC plan of care, and prescribed medications. *See* ¶ 2-4.
- b. Regarding Petitioner’s medications, Dr. Mittal asserts that since prescribed [REDACTED] [REDACTED] they can be given at home, and the remaining are prescribed only when required. *See* ¶ 3.
- c. Dr. Mittal argues that no daily skilled nursing duties are described in the PPEC Physician Plan of Care for the certification period of September 12, 2023, to March 9, 2024. *See* RCE 1 at 123. The notes section includes a report on [REDACTED], by Petitioner’s [REDACTED] who thought Petitioner experienced a [REDACTED] while at the beach. *Id.* at 125. Dr. Mittal provided his medical opinion that a [REDACTED] is [REDACTED]  
[REDACTED]  
[REDACTED] *Id.*
- d. Dr. Mittal highlighted the notes in a follow up visit with Petitioner’s pediatric neurologist dated [REDACTED], which state “[Petitioner] continues to do very well, and making significant developmental strides. [REDACTED]. Given the current effective treatment [REDACTED] will remain on the current med[ication]s.” *Id.* at 131. In Dr. Mittal’s medical opinion, this indicates that there were no neurological deficits, and no change of medications were made.

e. Dr. Mittal pointed out a PPEC nursing staff summary dated [REDACTED], in which the author reported a normal evaluation of Petitioner and made no mention of any specific skilled nursing help delivered. *Id.* at 144-146.

7. [REDACTED] testified to the following at Fair Hearing:

- a. [REDACTED] asserts that Petitioner recently has had [REDACTED] in the [REDACTED] weeks prior to Fair Hearing. [REDACTED] asserts that Petitioner has had [REDACTED] on [REDACTED], [REDACTED], [REDACTED], [REDACTED], [REDACTED], and a [REDACTED] about [REDACTED].
- b. [REDACTED] argues that Petitioner’s list of medications has since changed.
- c. Petitioner experiences [REDACTED]. [REDACTED] argues that Petitioner needs to be monitored for [REDACTED] high risk of [REDACTED] and needs supervision for changes in [REDACTED] behavior. [REDACTED] asserts that even as a parent it is hard to tell if Petitioner is having a [REDACTED] [REDACTED] but at PPEC [REDACTED] is getting closer attention.

**CONCLUSIONS OF LAW**

8. The Agency’s Office of Fair Hearings has jurisdiction over the subject matter of this proceeding and the parties pursuant to section 409.285(2), Florida Statutes (2022). This order is the final administrative decision of AHCA under section 409.285(2)(a).

9. This hearing was held as a *de novo* proceeding pursuant to Rule 59G-1.100(17)(b), Florida Administrative Code (“Fla. Admin. Code R.”).

10. Because Respondent terminated a previously approved service, Fla. Admin. Code R. 59G-1.100(17)(g) assigns the burden of proof to the Respondent. The standard of proof in an administrative hearing is a preponderance of the evidence. The preponderance of the evidence standard requires proof by “the greater weight of the evidence” (Black’s Law Dictionary at 1201, 7th Ed.)

11. The Florida Medicaid Prescribed Pediatric Extended Care Services Coverage Policy (February 2018) (“PPEC Policy”), incorporated by reference in Fla. Admin. Code. R. 59G-4.260, governs PPEC services available under Florida Medicaid. The PPEC Policy provides as follows:

**1.0 Introduction**

**1.1 Description**

Florida Medicaid prescribed pediatric extended care (PPEC) services provide skilled nursing supervision and therapeutic interventions in a non-residential setting to medically dependent or technologically dependent recipients.

...

**1.3.7 Medically Necessary/Medical Necessity**

As defined in Rule 59G-1.010, F.A.C.

...

**2.0 Eligible Recipient**

...

**2.2 Who Can Receive**

Florida Medicaid recipients under the age of 21 years requiring medically necessary PPEC services and who:

- Require continuous therapeutic interventions or skilled nursing supervision, as described in section 400.902, F.S., and in Rule 59A-13.007, F.A.C.
- Are determined stable by a physician and who are not a threat to self or others

...

**4.0 Coverage Information**

**4.1 General Criteria**

Florida Medicaid covers services that meet all of the following:

- Are determined medically necessary
- Do not duplicate another service
- Meet the criteria as specified in this policy

## **4.2 Specific Criteria**

Florida Medicaid covers PPEC services provided in accordance with section 400.902, F.S., the applicable Florida Medicaid fee schedule, or as specified in this policy, on a full or partial day basis. Services must include the following at a minimum:

- Caregiver training
- Developmental therapies
- An appropriate escort for travel to and from the PPEC when Florida Medicaid non-emergency transportation is provided
- Medical services
- Nursing services
- Personal care services
- Psychosocial services
- Respiratory therapy services

The PPEC day begins when the recipient arrives at the PPEC or is picked up for escorted transportation to the PPEC.

The PPEC day ends when the recipient departs from the PPEC for the day or is returned home by escorted transportation from the PPEC.

...

## **4.3 Early and Periodic Screening, Diagnosis, and Treatment**

As required by federal law, Florida Medicaid provides services to eligible recipients under the age of 21 years, if such services are medically necessary to correct or ameliorate a defect, a condition, or a physical or mental illness. Included are diagnostic services, treatment, equipment, supplies, and other measures described in sectioned 1905(a) of the Social Security Act, codified in Title 42 of the United States Code 1396d(a). As such, services for recipients under the age of 21 years exceeding the coverage described within this policy or the associated fee schedule may be approved, if medically necessary. For more information, please refer to Florida Medicaid's General Policies on authorization requirements.

...

## **5.0 Exclusion**

### **5.1 General Non-Covered Criteria**

Services related to this policy are not covered when any of the following apply:

- The service does not meet the medical necessity criteria listed in section 1.0
- The recipient does not meet the eligibility requirements listed in section 2.0
- The service unnecessarily duplicates another provider's service

### **5.2 Specific Non-Covered Criteria**

Florida Medicaid does not cover the following as part of this service benefit:

- A full day and a partial day of PPEC services on the same date of service, for the same recipient
- Early intervention services when billed separately
- Food or formulas
- Supportive or contracted services as defined in section 400.902, F.S.  
Transportation services

See RCE 2 at pages 38-43.

12. Rule 59A-13.007(4)(a), F.A.C. states the following:

(4) Each child admitted for service to a PPEC center must meet at least the following criteria:

(a) Infants and children considered for admission to the PPEC center will be those who are medically or technologically dependent. . . .

...

Further, section 400.902, F.S described “medically dependent or technologically dependent child” as follows:

[A] child who because of a medical condition requires continuous therapeutic interventions or skilled nursing supervision which must be prescribed by a licensed physician and administered by, or under the direct supervision of, a licensed registered nurse.

13. Rule 59G-4.290, F.A.C. defines skilled nursing as follows:

(3) Skilled Services Criteria.

- a) To be classified as requiring skilled nursing or skilled rehabilitative services in the community or in a nursing facility, the recipient must require the type of medical, nursing or rehabilitative services specified in this subsection.
- b) Skilled Nursing. To be classified as skilled nursing service, the service must meet all of the following conditions:
  1. Ordered by and remain under the supervision of a physician;
  2. Sufficiently medically complex to require supervision, assessment, planning, or intervention by a registered nurse.
  3. Required to be performed by, or under the direct supervision of, a registered nurse or other health care professionals for safe and effective performance;
  4. **Required on a daily basis;**
  5. Reasonable and necessary to the treatment of a specified documented illness or injury; and,

6. Consistent with the nature and severity of the individual's condition or the disease state or stage.
- c) Examples of services that qualify as skilled nursing services:
1. Intravenous medication or fluids.
  2. Intramuscular or subcutaneous injection and hypodermoclysis when:
    - a. Administered by licensed nursing personnel at least 5 times weekly, excluding daily insulin administration; and,
    - b. Observation is necessary to assess the recipient's response to treatment or to identify adverse reactions.
  3. Management and monitoring medication regime on a daily basis:
    - a. For drugs whose dosage requirements may rapidly change;
    - b. For drugs prone to cause adverse reactions, severe side effects or unfavorable reactions; and,
    - c. For residents with unstable reactions.
  4. Levin tube and gastrostomy feedings; excluding feedings performed by residents, family members, or friends.
  5. Administration of medical gases, aerosolized medication or oxygen which is started, monitored and regulated by professional staff.
  6. Naso-pharyngeal and tracheotomy aspiration, excluding tracheotomy care in self-care residents.
  7. Insertion, replacement, and sterile irrigation of catheters when:
    - a. Medically necessary or required for reasons other than to maintain satisfactory catheter functioning and dryness;
    - b. The medical need is documented by the physician;
    - c. Continuous irrigation, frequent insertion, special care or observation is required because of bleeding, infection, obstruction, or heavy sediment formations; and,
    - d. Care of a recently inserted supra-pubic catheter, inserted within 2-4 weeks, is required.
  8. Colostomy and ileostomy care:
    - a. When medically necessary and required during early postoperative period;
    - b. During the period of initial self-care training, or
    - c. when complications are present and documented in the medical record.
  9. Treatment of decubitus ulcers when:
    - a. Deep or wide without necrotic center;
    - b. Deep or wide with layers of necrotic tissue, or
    - c. Infected and draining.
  10. Treatment of widespread infected or draining skin disorders.

11. Application of dressings involving prescription medication and aseptic techniques when documented as required on a daily basis. Excludes simple dressings involving non-infected cases, simple skin breaks, and healed postoperative incisions.
12. Heat treatments prescribed by a physician as daily treatment for a specific condition.
13. Rehabilitation nursing procedures required on a daily basis as necessary to restore functioning, including teaching and adaptive aspects of nursing.

14. States must provide Early and Periodic Screening, Diagnostic, and Treatment (“EPSDT”) services to Medicaid-eligible children under age 21 when requested under the Medicaid state plan. *See* 42 U.S.C. § 1396a(a)(43); 42 U.S.C. § 1396d(a)(4). According to 42 U.S.C. § 1396d(r)(5), EPSDT services mean, in relevant part, the following items and services:

Such other necessary health care, diagnostic services, treatment, and other measures described in subsection (a) of this section to correct or ameliorate defects and physical and mental illness and conditions discovered by the screen services, whether or not such services are covered under the state plan.

15. Petitioner is under age 21, and therefore EPSDT applies to this request for services. However, a state may place medical necessity limitations on EPSDT services. *See* 42 C.F.R. §§ 440.230(a), (b), (d). Fla. Stat. § 409.905(2) limits EPSDT services with a medical necessity standard:

The [Agency] shall pay for early and periodic screening and diagnosis of a recipient under age 21 to ascertain physical and mental problems and conditions and all services determined by the agency to be medically necessary for the treatment, correction, or amelioration of these problems and conditions, including personal care, private duty nursing, durable medical equipment, physical therapy, occupational therapy, speech therapy, respiratory therapy, and immunizations.

16. The Florida Medicaid Definitions Policy (August 2017) (“Definitions Policy”), incorporated by reference in Fla. Admin. Code R. 59G-1.010, defines “Medically Necessary” or “Medical Necessity” as follows:

The medical or allied care, goods, or services furnished or ordered must meet the following conditions:

- Be necessary to protect life, to prevent significant illness or significant disability, or to alleviate pain
- Be individualized, specific, and consistent with symptoms or confirmed diagnosis of the illness or injury under treatment, and not in excess of the patient's needs
- Be consistent with generally accepted professional medical standards as determined by the Medicaid program, and not experimental or investigational
- Be reflective of the level of service that can be safely furnished, and for which no equally effective and more conservative or less costly treatment is available statewide
- Be furnished in a manner not primarily intended for the convenience of the recipient, the recipient's caretaker, or the provider

The fact that a provider has prescribed, recommended, or approved medical or allied care, goods, or services does not, in itself, make such care, goods or services medically necessary or a medical necessity or a covered service.

See RCE 2 at 23.

17. The Florida Medicaid Authorization Requirements Policy (June 2016) ("Authorization Policy"), incorporated by reference in Fla. Admin. Code R. 59G-1.053, provides as follows:

### **1.1 Description**

This policy contains general requirements for providers to obtain authorization to render Florida Medicaid services, when applicable.

...

### **3.0 Determination Process**

#### **3.1 Review Criteria**

The QIO may use a national standardized set of criteria, or other set of criteria, approved by AHCA, as a guide for authorizations performed at the first review level. If services cannot be approved at the first level review, the QIO's physician peer reviewer will determine medical necessity using his or her clinical judgment, acceptable standards of care, state and federal laws, and AHCA's medical necessity definition.

#### **3.2 Review Process**

The QIO will review each authorization request and will approve, deny, or request additional information. The QIO may deny a portion of the requested units of

service if it cannot substantiate medical necessity based upon the information submitted.

### 3.2.1 Continued Authorization Requests

The QIO shall not deny or reduce the amount, frequency, or duration of a service that is already being provided, unless:

- The reduction is to correct for factual errors or omissions in prior certifications.
- There is a documented improvement in the recipient's medical condition.
- There is a documented change in the recipient's circumstances.
- The reviewing physician determines the recipient will not gain any additional benefit by continuing services at the current level.

See RCE 2 at 32-34.

18. In the NOO, dated September 1, 2023, Respondent terminated Petitioner's PPEC services.

See ¶ 4. The NOO explained that the basis of the termination was that the services were not "individualized, specific, and consistent with symptoms or confirmed diagnosis of the illness under treatment", and were "in excess of the patient's needs." See ¶ 4. Respondent has burden of proof to show by a preponderance of evidence that the Respondent's determination was correct. See ¶ 10.

19. The role of PPEC services is to provide patients "who because of a medical condition requires continuous therapeutic interventions or skilled nursing supervision." See ¶ 12. According to Rule 59G-4.290, F.A.C., skilled nursing requires that the service be, *inter alia*, sufficiently medically complex to require supervision, assessment, planning, or intervention by a registered nurse; required to be performed by, or under the direct supervision of, a registered nurse or other health care professionals for safe and effective performance; **required on a daily basis**; and consistent with the nature and severity of the individual's condition. See ¶ 13 (emphasis added). As provided by the EPSDT requirements, the recipient must meet the medical necessity criteria as outlined in Fla. Admin. Code R. 59G-1.010. See ¶ 14-15. The Definitions Policy maintains a

component of medical necessity that services must be “[i]ndividualized, specific, and consistent with symptoms or confirmed diagnosis of the illness under treatment, and not in excess of the patient’s needs.” See ¶ 16.

20. In the instant case, according to Dr. Mittal’s testimony, eQHealth reviewers took into account Petitioner’s multiple medical conditions, PPEC plan of care, and list of medications when making their determination. See ¶ 6. Petitioner’s medical history include [REDACTED]

[REDACTED], [REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]. See

¶ 2. At the time of Fair Hearing, Petitioner’s prescription medications included [REDACTED]

[REDACTED]

[REDACTED]

[REDACTED] See ¶ 3. No MAR log was submitted by the PPEC center for the

record. See ¶ 3. There have been [REDACTED]

[REDACTED]. See ¶ 3. The record indicates the [REDACTED]

[REDACTED]. See ¶ 3.

21. At Fair Hearing, [REDACTED] testified that Petitioner experienced [REDACTED] on [REDACTED]

[REDACTED], [REDACTED], [REDACTED], [REDACTED], [REDACTED],

and a [REDACTED] about [REDACTED]. See ¶ 7. Petitioner did not

present evidence that any of these [REDACTED] occurred during Petitioner’s time at the PPEC center

or that any episodes required the medical intervention by PPEC nursing staff. See ¶ 7. No [REDACTED]

Log was submitted by the PPEC center for the record. See ¶ 3. Dr. Mittal pointed out a PPEC nursing staff summary dated [REDACTED], as what appears to be a typical day for Petitioner at PPEC, in which the author reported a normal evaluation of Petitioner. See ¶ 6. No other notes from the PPEC, including those in the PPEC Physician Plan of Care, made reference to any [REDACTED] that occurred during PPEC or to any [REDACTED] interventions performed by PPEC staff. See ¶ 3, 6. The PPEC Physician Plan of Care included a recent update as of [REDACTED], when Petitioner's [REDACTED] reported [REDACTED] thought Petitioner experienced a [REDACTED] while at the beach. See ¶ 6. Dr. Mittal provided his medical opinion that a [REDACTED] is [REDACTED] [REDACTED] [REDACTED] [REDACTED] See ¶ 6. Furthermore, the record reflects that after a visit with Petitioner's pediatric neurologist on [REDACTED], no neurological deficits were present and no change of medications were made. See ¶ 6. With all the testimony and evidence presented to substantiate Petitioner's risk of reoccurrence of [REDACTED], the record does not indicate a justification for skilled nursing services on a daily basis based on this concern alone.

22. Further, Dr. Mittal asserted that the medications Petitioner is prescribed [REDACTED] can be given at home, and the remaining are prescribed only when required. See ¶ 6. [REDACTED] asserted that Petitioner's list of medications has changed since Respondent's termination. See ¶ 7. Moreover, [REDACTED] argued that Petitioner needs to be monitored for [REDACTED] high risk of [REDACTED] and needs supervision for changes in [REDACTED] behavior. See ¶ 7. The record does not demonstrate any scheduled medications for Petitioner during PPEC. See ¶ 3, 5, 7. Basic monitoring and supervision are not among the criteria under Rule 59G-4.290, F.A.C. for the purpose of qualifying as requiring skilled nursing services. See ¶ 13. As previously discussed, the

record does not clearly demonstrate that the nature and severity of Petitioner’s medical conditions warrant intervention by a registered nurse on a daily basis. See ¶ 21. All in all, the undersigned finds that Respondent presented sufficient, credible evidence to demonstrate that Petitioner does not require the duties of specialized treatment or skilled nursing services on a daily basis, and thus, are in excess of Petitioner’s needs.

23. Upon consideration of the testimony provided, evidence submitted, and applicable policies, the undersigned concludes that Respondent proved by a preponderance of the evidence that continuing PPEC services was not medically necessary for Petitioner. Looking at all the evidence relevant to the particular needs of Petitioner, Respondent has demonstrated that the PPEC services are not medically necessary to correct or ameliorate a defect or a physical and mental illness or condition. Accordingly, Respondent proved by a preponderance of the evidence that Respondent’s termination of PPEC services was correct.

**IT IS HEREBY ORDERED AND ADJUDGED THAT:**

Respondent’s termination of PPEC services is **AFFIRMED**. Petitioner’s appeal based on Respondent’s termination is **DENIED**.

**DONE and ORDERED** this 7th day of December, 2023 in Tallahassee, Leon County, Florida.

## Notice of Nondiscrimination Policy

The Agency for Health Care Administration (“AHCA”) is committed to providing all people with an equal opportunity to participate in its programs, services, and activities. AHCA complies with applicable Federal civil rights laws and does not exclude people or treat them differently in admission to, access to, or employment in its programs, services, or activities on the basis of race, color, national origin, age, disability, or sex. Communication aids and services, such as: qualified sign language interpreters, qualified foreign language interpreters, and written information in alternative formats (i.e.: Braille, large print, foreign language, etc.) are provided free of charge, in accordance with federal law, when necessary to ensure equal opportunity and effective communication.

This Notice is provided as required by Title II of the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act, and Section 1557 of the Affordable Care Act and implementing regulations. This Notice is available, upon request, in alternative formats. Individuals who require free communication aids and services to effectively participate in AHCA’s programs, services, and activities are invited to make their requests to the Civil Rights Compliance Coordinator at the contact information listed below. If you believe that AHCA has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex you can file a grievance in person, by mail, or by telephone with:
