OFFICE OF FAIR HEARINGS

[REDACTED]

PETITIONER,

AHCA Case No.: 24-FH1376

vs.

AGENCY FOR HEALTH CARE  
ADMINISTRATION,

RESPONDENT.

\_\_\_\_\_ /

**FINAL ORDER**

Pursuant to notice, the undersigned convened a telephonic Fair Hearing on the instant case on June 11, 2024, at 9:00 a.m. Eastern Standard Time ("EST").

**APPEARANCES**

For the Petitioner:

[REDACTED]

Petitioner's Authorized Representative

For the Respondent:

Marielisa Amador  
Medical Health Care Program Analyst  
Agency for Health Care Administration

**STATEMENT OF ISSUE**

The issue is whether Respondent proved by a preponderance of the evidence that Respondent's decision to terminate prescribed pediatric extended care ("PPEC") services was correct.

**PRELIMINARY STATEMENT**

All parties appeared telephonically. [REDACTED] (" [REDACTED] "), Petitioner's Authorized Representative and Director of Nursing of [REDACTED], appeared on behalf of Petitioner.

██████████, Administrator of ██████████, ██████████, CFO of ██████████, and ██████████, Petitioner's ██████████ testified on behalf of Petitioner.

Marielisa Amador, Medical Health Care Program Analyst for the Agency for Health Care Administration ("Agency" or "AHCA"), appeared as the representative for Respondent. Dr. Rakesh Mittal ("Dr. Mittal"), physician consultant with eQHealth, attended as a witness for Respondent.

Prior to the hearing, Petitioner sent to the Office of Fair Hearings a ten (10)-page evidence packet. The evidence packet appears in the Office of Fair Hearings' document management system as "24-FH1376 Additional Supporting Documents.pdf." Absent an objection from the Respondent, the undersigned admitted the evidence packet into evidence as Petitioner's Composite Exhibit 1.

Prior to the hearing, Petitioner sent to the Office of Fair Hearings a seven (7)-page evidence packet. The evidence packet appears in the Office of Fair Hearings' document management system as "24-FH1376 Evidence.pdf." Absent an objection from the Respondent, the undersigned admitted the evidence packet into evidence as Petitioner's Composite Exhibit 2.

Prior to the hearing, Petitioner sent to the Office of Fair Hearings a three (3)-page packet. The evidence packet appears in the Office of Fair Hearings' document management system as "24-FH1376 Additional Evidence.pdf." Absent an objection from the Respondent, the undersigned admitted the evidence packet into evidence as Petitioner's Composite Exhibit 3.

Prior to the hearing, Respondent sent to the Office of Fair Hearings and Petitioner a one hundred and four (104)-page evidence packet. The evidence packet appears in the Office of Fair Hearings' document management system as "██████████ FH.pdf." Absent an objection from the

Petitioner, the undersigned admitted the evidence packet into evidence as Respondent's Composite Exhibit 1.

Prior to the hearing, Respondent sent to the Office of Fair Hearings and Petitioner a forty-seven (47)-page evidence packet. The evidence packet appears as "24-FH1376 Additional Evidence Packet (Pages 1-47 of 47).pdf." Absent an objection from the Petitioner, the undersigned admitted the evidence packet into evidence as Respondent's Composite Exhibit 2.

### **FINDINGS OF FACT**

1. Petitioner receives Medicaid services on a fee-for-service basis from the Agency. eQHealth is a Quality Improvement Organization ("QIO") contracted by the agency to review prior authorization requests for services. See Respondent's Composite Exhibit 2 at page 2.

2. As of the date of the Fair Hearing, Petitioner is [REDACTED]. See Respondent's Composite Exhibit 1 at page 41. Petitioner is diagnosed with the following: [REDACTED], [REDACTED], [REDACTED], [REDACTED], and [REDACTED]. *Id.* at 80.

3. The FL Home Health Assessment Tool, dated February 12, 2024, Petitioner is overall status is: "stable with no heightened risk(s) for serious complications and death (beyond those typical of the recipient's age." *Id.* at 42. Petitioner does not receive IV therapy. *Id.* at 43. Petitioner does not use a ventilator, nebulizers, BiPAP/CPAP, or oxygen, and has no monitors or suctioning needs. *Id.* at 44. Petitioner does not use enteral feeds and is able to independently feed. *Id.* Petitioner's [REDACTED]. *Id.* at 45. Petitioner has had [REDACTED] that alter mental status in the

last year. *Id.* Petitioner does not receive wound or stoma care. *Id.* at 46. Petitioner’s ability to ambulate is age appropriate. *Id.* at 47.

4. Petitioner requested continuation of PPEC services for the certification period of March 10, 2024, through September 5, 2024. *Id.* at 19. In a Notice of Outcome (“NOO”), dated March 20, 2024, Respondent terminated Petitioner’s PPEC services. *Id.* at 23 - 25. The NOO explained the basis of the termination as follows:

[T]he requested services are not medically necessary under the following standard(s):

Individualized, specific, and consistent with symptoms or confirmed diagnosis of the illness under treatment, and not in excess of the patient’s needs.

Reflective of the level of service that can be safely furnished, and for which no equally effective and more conservative or less costly treatment is available statewide.

...

The NOO further stated:

Submitted information does not support the medical necessity for requested services.

Requested services are denied because this care can be provided by the parent or caregiver.

Clinical Rationale for Decision: The patient is a [REDACTED]  
[REDACTED]  
[REDACTED]  
[REDACTED]

[REDACTED] There is no need for skilled nursing services; therefore, PPEC has to be denied.

*Id.* at 23-24.

5. On April 23, 2024, Petitioner requested a Fair Hearing to challenge the termination of PPEC services. On May 14, 2024, the undersigned issued an Order Scheduling Fair Hearing by Telephone and Prehearing Instructions, setting the hearing for June 11, 2024, at 9:00 a.m. ET.

Petitioner received administrative approval of PPEC services, or continuation of benefits, pending the outcome of the Fair Hearing. *Id.* at 18.

6. Dr. Mittal established that PPEC services provides highly skilled pediatric nursing services. Although Petitioner has significant health concerns, skilled nursing services is not needed. As Dr. Mittal testified, a skilled nurse is not needed for Petitioner's [REDACTED]. No medications are scheduled for administration at the PPEC. Monitoring and safety precautions are not skilled nursing services. [REDACTED]

[REDACTED] Medication Administration Record ("MAR log") states that the only medication administered at PPEC was [REDACTED]. Referring to Petitioner's Composite Exhibits 1 and 2, Dr. Mittal established that Petitioner's [REDACTED]; however, it is unclear why and in the Plan Of Care, no active management is ordered regarding [REDACTED]. Based on the documentation provided, Dr. Mittal concluded that Petitioner has no need for skilled nursing at this time.

7. [REDACTED] argued that the neurologist recommended continuance with PPEC and that Petitioner experiences falls. [REDACTED] suffers from [REDACTED]. [REDACTED] testified that PPEC is needed to ensure Petitioner's safety. Petitioner went to the [REDACTED]

**CONCLUSIONS OF LAW**

8. The Agency’s Office of Fair Hearings has jurisdiction over the subject matter of this proceeding and the parties pursuant to section 409.285(2), Florida Statutes (2019). This order is the final administrative decision of AHCA under section 409.285(2)(a).

9. This hearing was held as a de novo proceeding pursuant to Florida Administrative Code Rule (“Fla. Admin. Code R.”) 59G-1.100(17)(b).

10. Because Respondent terminated an existing service, Fla. Admin. Code R. 59G-1.100(17)(g) assigns the burden of proof to Respondent. The standard of proof in an administrative hearing is a preponderance of the evidence. The preponderance of the evidence standard requires proof by “the greater weight of the evidence” (Black’s Law Dictionary at 1201, 7th Ed.)

11. The Prescribed Pediatric Extended Care Services Coverage Policy (February 2018) (“PPEC Policy”) establishes the provision and coverage of PPEC services under Florida Medicaid. The PPEC Policy states as follows:

**1.1 Description**

Florida Medicaid prescribed pediatric extended care (PPEC) services provide skilled nursing supervision and therapeutic interventions in a non-residential setting to medically dependent or technologically dependent recipients.

...

**2.2 Who Can Receive**

Florida Medicaid recipients under the age of 21 years requiring medically necessary PPEC services and who:

- Require continuous therapeutic interventions or skilled nursing supervision, as described in section 400.902, F.S., and in Rule 59A-13.007, F.A.C.
- Are determined stable by a physician and who are not a threat to self or others

...

**1.3 Definitions**

The following definitions are applicable to this policy. For additional definitions that are applicable to all sections of Rule Division 59G, F.A.C., please refer to the Florida Medicaid definitions policy.

...

**1.3.7 Medically Necessary/Medical Necessity**

As defined in Rule 59G-1.010, F.A.C.

...

#### **4.0 Coverage Information**

##### **4.1 General Criteria**

Florida Medicaid covers services that meet all of the following:

- Are determined medically necessary
- Do not duplicate another service
- Meet the criteria as specified in this policy

...

#### **5.0 Exclusion**

##### **5.1 General Non-Covered Criteria**

Services related to this policy are not covered when any of the following apply:

- The service does not meet the medical necessity criteria listed in section 1.0
- The recipient does not meet the eligibility requirements listed in section 2.0
- The service unnecessarily duplicates another provider's service

12. Fla. Admin. Code Rule 59A-13.007(4)(a) states the following:

(4) Each child admitted for service to a PPEC center must meet at least the following criteria:

(a) Infants and children considered for admission to the PPEC center will be those who are medically or technologically dependent. . . .

...

Further, section 400.902, Florida Statutes, describes "medically dependent or technologically dependent child" as follows:

[A] child who because of a medical condition requires continuous therapeutic interventions or skilled nursing supervision which must be prescribed by a licensed physician and administered by, or under the direct supervision of, a licensed registered nurse.

13. Fla. Admin. Code R. 59G-4.290 defines skilled nursing as follows:

(3) Skilled Services Criteria.

- a) To be classified as requiring skilled nursing or skilled rehabilitative services in the community or in a nursing facility, the recipient must require the type of medical, nursing or rehabilitative services specified in this subsection.
- b) Skilled Nursing. To be classified as skilled nursing service, the service must meet all of the following conditions:

1. Ordered by and remain under the supervision of a physician;
  2. Sufficiently medically complex to require supervision, assessment, planning, or intervention by a registered nurse.
  3. Required to be performed by, or under the direct supervision of, a registered nurse or other health care professionals for safe and effect performance;
  4. Required on a daily basis;
  5. Reasonable and necessary to the treatment of a specified documented illness or injury; and,
  6. Consistent with the nature and severity of the individual's condition or the disease state or stage.
- c) Examples of services that qualify as skilled nursing services:
1. Intravenous medication or fluids.
  2. Intramuscular or subcutaneous injection and hypodermoclysis when:
    - a. Administered by licensed nursing personnel at least 5 times weekly, excluding daily insulin administration; and,
    - b. Observation is necessary to assess the recipient's response to treatment or to identify adverse reactions.
  3. Management and monitoring medication regime on a daily basis:
    - a. For drugs whose dosage requirements may rapidly change;
    - b. For drugs prone to cause adverse reactions, severe side effects or unfavorable reactions; and,
    - c. For residents with unstable reactions.
  4. Levin tube and gastrostomy feedings; excluding feedings performed by residents, family members, or friends.
  5. Administration of medical gases, aerosolized medication or oxygen which is started, monitored and regulated by professional staff.
  6. Naso-pharyngeal and tracheotomy aspiration, excluding tracheotomy care in self-care residents.
  7. Insertion, replacement, and sterile irrigation of catheters when:
    - a. Medically necessary or required for reasons other than to maintain satisfactory catheter functioning and dryness;
    - b. The medical need is documented by the physician;
    - c. Continuous irrigation, frequent insertion, special care or observation is required because of bleeding, infection, obstruction, or heavy sediment formations; and,
    - d. Care of a recently inserted supra-pubic catheter, inserted within 2-4 weeks, is required.
  8. Colostomy and ileostomy care:

- a. When medically necessary and required during early postoperative period;
  - b. During the period of initial self-care training, or
  - c. when complications are present and documented in the medical record.
- 9. Treatment of decubitus ulcers when:
    - a. Deep or wide without necrotic center;
    - b. Deep or wide with layers of necrotic tissue, or
    - c. Infected and draining.
  - 10. Treatment of widespread infected or draining skin disorders.
  - 11. Application of dressings involving prescription medication and aseptic techniques when documented as required on a daily basis. Excludes simple dressings involving non-infected cases, simple skin breaks, and healed postoperative incisions.
  - 12. Heat treatments prescribed by a physician as daily treatment for a specific condition.
  - 13. Rehabilitation nursing procedures required on a daily basis as necessary to restore functioning, including teaching and adaptive aspects of nursing.

14. States must provide Early and Periodic Screening, Diagnostic, and Treatment (“EPSDT”) services to Medicaid-eligible children under age 21 when requested under the Medicaid state plan. See 42 U.S.C. § 1396a(a)(43); 42 U.S.C. § 1396d(a)(4). According to 42 U.S.C. § 1396d(r)(5), EPSDT services mean, in relevant part, the following items and services:

Such other necessary health care, diagnostic services, treatment, and other measures described in subsection (a) of this section to correct or ameliorate defects and physical and mental illness and conditions discovered by the screen services, whether or not such services are covered under the state plan.

15. Petitioner is under age 21, and therefore eligible for EPSDT services. However, a state may place medical necessity limitations on EPSDT services. See 42 C.F.R. §§ 440.230(a), (b), (d).

16. Section 409.905(2), Florida Statutes, limits EPSDT services with a medical necessity standard:

The [Agency] shall pay for early and periodic screening and diagnosis of a recipient under age 21 to ascertain physical and mental problems and conditions

and all services determined by the agency to be medically necessary for the treatment, correction, or amelioration of these problems and conditions, including personal care, private duty nursing, durable medical equipment, physical therapy, occupational therapy, speech therapy, respiratory therapy, and immunizations.

17. The Florida Medicaid Definitions Policy (“Definitions Policy”), incorporated by reference in Fla. Admin. Code R. 59G-1.010, defines “Medically Necessary” or “Medical Necessity” as follows:

The medical or allied care, goods, or services furnished or ordered must meet the following conditions:

- Be necessary to protect life, to prevent significant illness or significant disability, or to alleviate pain
- Be individualized, specific, and consistent with symptoms or confirmed diagnosis of the illness or injury under treatment, and not in excess of the patient’s needs
- Be consistent with generally accepted professional medical standards as determined by the Medicaid program, and not experimental or investigational
- Be reflective of the level of service that can be safely furnished, and for which no equally effective and more conservative or less costly treatment is available statewide
- Be furnished in a manner not primarily intended for the convenience of the recipient, the recipient’s caretaker, or the provider

The fact that a provider has prescribed, recommended, or approved medical or allied care, goods, or services does not, in itself, make such care, goods or services medically necessary or a medical necessity or a covered service.

Respondent’s Composite Exhibit 2 at \_\_\_\_

18. In the NOO, dated March 20, 2024, Respondent terminated Petitioner’s PPEC services. See supra ¶ 4. The NOO explained that the basis of the termination was that the request was not “individualized, specific, and consistent with symptoms or confirmed diagnosis of the illness under treatment”, was “in excess of the patient’s needs”, and was not “reflective of the level of

service that can be safely furnished, and for which no equally effective and more conservative or less costly treatment is available statewide.” *Id.* Respondent explained that Petitioner does not require skilled nursing services. *Id.*

19. PPEC services are intended for patients with who “require continuous therapeutic interventions or skilled nursing supervision”. See supra ¶ 12. As provided by the EPSDT requirements, the recipient must meet the medical necessity criteria as outlined in Fla. Admin. Code R. 59G-1.010. See supra ¶ 15-16. As provided in the Definitions Policy, a component of medical necessity is that services must be “[i]ndividualized, specific, and consistent with symptoms or confirmed diagnosis of the illness under treatment, and not in excess of the patient’s needs.” See supra ¶ 17. Dr. Mittal provided credible and persuasive testimony that Petitioner does not require skilled nursing services. See supra ¶ 6. As shown by the record, Petitioner is not receiving daily prescription medications at PPEC that would require a skilled nurse to administer. See supra ¶ 6. [REDACTED] medication can be administered by a lay person. See supra ¶ 6. Petitioner is not using a ventilator, BiPAP/CPAP, or oxygen. See supra ¶ 3. Petitioner does not use enteral feeds, receive therapy intravenously, or receive wound or stoma care. See supra ¶ 3. Medical documentation provided by Petitioner [REDACTED]. In all, there is no indication that Petitioner continues to require skilled nursing services. As Dr. Mittal admitted, Petitioner does continue to have some medical needs, but the record does not reflect that Petitioner’s needs are at the level of daily skilled nursing services or continuous therapeutic interventions at this time. See supra ¶ 8.

20. Upon consideration of the testimony provided, Petitioner’s Composite Exhibit 1, Petitioner’s Composite Exhibit 2, Petitioner’s Composite Exhibit 3, Respondent’s Composite

Exhibit 1, Respondent's Composite Exhibit 2, and the applicable policies, the undersigned concludes that Respondent proved by a preponderance of the evidence that PPEC services are no longer medically necessary for Petitioner. Looking at all the evidence relevant to the particular needs of Petitioner, Respondent has demonstrated that PPEC services are not necessary to correct or ameliorate a defect or a physical and mental illness or condition. Accordingly, Respondent proved by a preponderance of the evidence that Respondent's termination of PPEC services was correct.

**IT IS HEREBY ORDERED AND ADJUDGED THAT:**

Respondent's termination of Petitioner's PPEC services is **AFFIRMED**. Petitioner's appeal based on Respondent's termination is **DENIED**.

**DONE and ORDERED** this 21st day of August 2024, in Tallahassee, Leon County, Florida.
